CDXconventional Instrinsically Safe

YBN-R/4(IS)

Intrinsically Safe Conventional Mounting Base

Features

- Low Profile, only 8 mm
- Rugged design
- Dedicated cable screen terminal
- Accepts from 1 to 2.5mm2 cables
- Quick connection via square cable clamps
- Electronics free.

Description

Model YBN-R/4(IS) is a Conventional Detector Mounting Base which should be used in conjunction with the Intrinsically Safe range of detectors. It is supplied with square cable clamps for secure and reliable cable termination but the base does not provide line continuity during detector removal, therefore if Call Points are being used then these should be wired onto the zone first.

Specification	
Ordering codes	YBN-R/4(IS)
Maximum Humidity	95% RH - Non condensing (at 40 °C)
Colour / Case Material	Ivory or White / ABS
Weight (g) / Dimensions (mm)	51 / ø 100 x H 8
